

SNL

Seamless embedding of LED strips in the wall or ceiling. Calculated for standard plasterboard (13 mm). Length: 2 meters. Choose a light opening from 20 - 80 mm.

Technical data	
Product ID	B_PE1032
Exterior color	Aluminium
Surface protection	Galvanic/electrolytic zinc plated
Material quality	Other
Material	Steel
Installation	
Slit width	14 mm
Length	2000 mm
Height	15 mm
Type of installation	Recessed
Model	Singular profile
Material thickness	1.4 mm
Type of perforation	None
Profile shape	Other
logistics data	
Imported by	The Light Group
