

# SLC SMARTONE Z-WAVE CONTROLLER CV TW 2X5A 12-36V

Z-Wave constant voltage controller 12-36V with 4 channels. Compatible with all universal z-wave master controllers.

| Technical data                |                      |
|-------------------------------|----------------------|
| Product ID                    | S25004               |
| Exterior color                | White                |
| Operating temperature         | -20°C ~ +45°C °C     |
| Protection class              | II                   |
| Housing                       | Plastic housing      |
| Programmable                  | No                   |
| Degree of protection (IP)     | IP20                 |
| Number of colour channels     | 2                    |
| Operating method              | Other                |
| Dimming interface             | Z-wave               |
| Input                         |                      |
| Electrical connection (Input) | L`N quick connection |
| Input voltage                 | 12.0 - 36.0 V        |
| Output                        |                      |
| Max. output current           | 5 A                  |
| Output voltage                | 12.0 - 36.0 V        |
| Installation                  |                      |
| Length                        | 170 mm               |
| Height                        | 28 mm                |
| Width                         | 54 mm                |
| Model                         | Static               |
| Built-in                      | Yes                  |
| Surface-mounted               | No                   |
| Suitable for outdoor use      | No                   |
| DIN rail mounting             | No                   |
| logistics data                |                      |
| Imported by                   | The Light Group      |
| Brand                         | SLC                  |
