

ADP FLEX

Recessed indirect light for curved solutions. This profile is free of reflection surface and is used against finished surfaces.

Technical data	
Product ID	PE1010
Exterior color	Aluminium
Colour	Light grey
Surface protection	Galvanic/electrolytic zinc plated
Material quality	Other
Material	Aluminium
Installation	
Slit width	14 mm
Length	2000 mm
Height	16 mm
Width	60 mm
Type of installation	Recessed
Model	Singular profile
Material thickness	1.4 mm
Type of perforation	None
Profile shape	Other
logistics data	
Imported by	The Light Group
