

WRD 40

Profile adapted for use with System / T-Profile roofing.

Technical data	
Product ID	PE1014
Surface protection	Galvanic/electrolytic zinc plated
Material quality	Other
Material	Stainless steel
Installation	
Slit width	14 mm
Length	2000 mm
Height	15 mm
Width	40 mm
Type of installation	Recessed
Model	Singular profile
Material thickness	1.4 mm
Type of perforation	None
Profile shape	Other
logistics data	
Imported by	The Light Group
