

SLC SMARTONE AC WALL DIMMER

250W ZIGBEE

SmartOne is a new control concept from SLC with Zigbee technology. Smart One dimmers and controllers can be easily implemented in smart home systems developed by the providers who embraced this technology, currently working perfectly with gateways such as: Amazon Alexa, Phillips Hue, Samsung.

Technical data	
Product ID	S24019
CE	Yes
Operating temperature	-20°C ~ +45°C °C
Expected lifetime (Ta 25°C)	100000 Hours
Expected lifetime (Ta 45°C)	50000 Hours
RoHs	Yes
Tc	75 °C
Method of operation	Turn/push button
Colour	White
Halogen free	Yes
Material quality	Other
Type of load	Universal and LED Retrofit
Material	Plastic
Light value memory	Yes
Applicable with transmission button	Yes
Applicable with button	Yes
Surface finishing	Glossy
Dimming phase cut-off	Yes
	Input
Frequency	50 - 60 Hz
Nominal voltage	100 - 230 V
	Output
Max total output power	250 W
Mono	Yes
Installation	
Mounting method	Module frame
Connection type	Plug clamp
Type of fastening	Mounting with claw and screw
Core cross section	0.35 - 2.5 mm ²
Width of device	59 mm

21.10.2020

Subject to changes and printing errors

Height of device	59 mm
Depth of device	32.7 mm
General data	
Assembly arrangement	Modular device for domestic switching devices
Suitable for degree of protection (IP)	IP20
